

Stella Architect® System Dynamics Modeling Software

Instructions for downloading and installing your fully functional trial copy of Stella Architect® system dynamics modeling software:

STEP 1. Choose the link to the version that matches your computer's operating system.

PC 64-Bit:

https://www.dropbox.com/s/eeek4d46q4keqg8l/Stella_Architect_Workshop_1.8.3_64bit_Setup.exe?dl=0

PC 32-Bit:

https://www.dropbox.com/s/9191hyht35quyni/Stella_Architect_Workshop_1.8.3_32bit_Setup.exe?dl=0

Apple/MAC:

https://www.dropbox.com/s/j9mi637ly20o39u/Stella_Architect_Workshop_1.8.3.dmg?dl=0

STEP 2. A Dropbox window will open. Select the 'Download' button, which may be located in the center or in the upper right-hand corner of your screen.

STEP 3. Start the installation process by clicking on the downloaded (.exe) file.

STEP 4. When prompted, activate your trial version by entering the following Registration code: 042-706-702-860. Note that this is a special code to activate the workshop trial version of Stella only.

STEP 5. Start Stella from your *Programs* or *Apps* window.
